- \*We are in need of help for the Thanksgiving football game to cover the snack shack, particularly for halftime and the second half of the game.
- \*Craig will follow up with Queen Anne's about the May track event and their donation. If their donation is received, we may consider having him do breakfast sandwiches for the Thanksgiving game.
- \*There are 6 dozen donuts being ordered from Donut King in Quincy, Life's a Bagel Bagels, individual cream cheeses, Dunkin Donuts coffee, hot chocolate, and muffins.
- \*There are still dates needed to fill for snack shack, especially if there are home playoff games on the horizon. Danny will let Lauren know the updated dates and Lauren will send the spreadsheet to Kristen to email out looking for help from the Booster Membership.

### **AD Report:**

- \*\*First time ever home football playoff game will be 10/26/18, with a possibility of having two!!
- \*Facility Fee increase for two of our sports - hockey rate increased (\$195 plus an additional \$395), and swimming increases with facilities use in Randolph and bus fees (increased from \$195 plus an additional \$100 - up from \$50 last year).
- \*Storage Building is going in week after Thanksgiving at upper Memorial. Craig suggested looking into painting it with Canton Logos on it - reflecting Boosters. Danny will investigate.
- \*Two varsity coaching vacancies - Varsity Baseball, and Varsity Softball (interviews are happening). Also looking for assistant track, JV boys and JV girls lacrosse coaches.
- \*Football team has won league title for first time since 1990, field hockey and boys soccer are having strong seasons and looking for Davenport wins, volleyball is in contention for Davenport, Golf team won the Davenport today, cross country has been super competitive this season, girls soccer is fighting for a tournament berth. Cheerleading starts competition soon. Unified basketball is going great!
- \*Golf and football kids on the Varsity roster will have \$30 for each on gear recognition for league title, sectional championship would allow \$45.

### **Miscellaneous:**

- \*Snapraise - Each team can't do it more than once every three years. Danny also tries to limit the number of teams participating at any one time. Kids cannot be "made" to do any fundraising effort, or require they have to raise a certain amount of money. There were concerns raised about that type of fundraising this fall, and many student athletes were expected to send out 20 emails, and people who donated felt "bombarded" by repeated emails.

**\*\*Next Meeting Date - November 13th @7:00pm at CHS Teacher's Room cafe**
